

### REMARKS

The notice indicated that the Second Corrected Amendment filed 12 February 2008, was non-complaint because "the specification does not contain underlines where new words have been inserted and strikethroughs where words have been delete" and "a marked-up copy of the abstract should be submitted along with any amendments to the claims and proper status identifiers."

Applicant submits herewith a Third Corrected Amendment in which the marked-up copy of the substitute specification contains all required underlining and strikethroughs. A marked-up copy of the Abstract is also provided.

Reconsideration and acceptance of the Third Corrected Amendment are earnestly solicited.

Respectfully submitted,
